

SOUTH BEND OFFICE OF SUSTAINABILITY
STUDENT PROJECT PROGRAM
SUMMER 2015

OVERVIEW

The **City of South Bend's Office of Sustainability** works with City departments, residents, and businesses, as well as regional, state, and national partners to develop and implement the South Bend Strategic Sustainability Plan and other sustainability initiatives.

The **Student Project Program** provides opportunities for undergraduate or graduate students to gain hands-on experience in researching, developing, and implementing sustainability projects in South Bend. Student Projects could include paid internships, internships for course credit, individual or team projects as part of a course, or individual or team capstone/thesis projects. The Student Project Program connects students with real world experience on projects that aim to support the environmental, social, and economic health and wellbeing of South Bend.

Goals for the program include:

- Engage students in the Office of Sustainability's top priority projects of the year.
- Offer skill development opportunities related to communications, research, analysis, public speaking, and computer-related tasks.
- Provide one-on-one mentoring and career guidance in the areas of sustainability, energy management, and civil service.

INTERNSHIPS

Interns are assigned to one key project but will also support other projects or tasks as needed. These positions will be part-time, hourly paid positions for the duration of the academic semester. The student is solely responsible for following any rules or requirements to receive course credit from their institution.

The 2015 **Summer** Internship Program includes the following ONE opportunity:

1. Sustainability Information and Education

To apply for an internship please complete the attached application and email it along with a resume to sustainability@southbendin.gov by Friday, April 24, 2015. Interviews, in person or via Skype, will be conducted with top candidates. Decisions will be made within two weeks of application deadline. Internship duration is 10-12 weeks. Start and end dates are flexible.

Employment is contingent on a negative drug screen.

Submit your application, along with a resume, to sustainability@southbendin.gov. If applying for multiple positions, submit separate application forms.

INTERNSHIP DESCRIPTION

SUSTAINABILITY EDUCATION AND RESEARCH

Qualifications: Well-rounded graduate or undergraduate student or recent graduate. Business, communications, environmental science, sustainability, public policy, architecture/landscape architecture, or engineering degree programs are of particular interest. Must have demonstrated quantitative and spreadsheet management skills. Must be a strong writer and experienced social media user. Ability to conduct on-line research and summarize findings for a variety of audiences is essential.

Hours: 20 hours/week between May and August, 2015. Schedule is flexible. Intern may be required to attend some evening or weekend events.

Overview: This position supports on-going efforts to 1) decrease South Bend's energy use and 2) educate city staff and the public on a range of sustainability issues, including energy efficiency. The intern will play a key role in energy data management and analysis, as well as in outreach and communications pieces.

This is an hourly paid position at a rate of \$10-12/hr., depending on experience. Benefits are not available. This position reports to the Sustainability Director, with some tasks directed by the Sustainability Coordinator.

Duties:

- Track and report energy use data from city facilities.
- Perform research and prepare summaries and recommendations for energy and sustainability projects.
- Provide support to Office committees and partners such as the Green Ribbon Commission, volunteer groups, working groups, etc.
- Help manage and develop content for Office website, Facebook, Twitter, and e-newsletter.
- Assist with the development and distribution of educational materials including printed materials, informational graphics, poster displays, and/or presentations.
- Host informational & outreach tables at city-wide events.
- Work professionally with other city departments and the public.
- Serve as an ambassador of the Office of Sustainability and the City of South Bend.
